

Christian Conservatives are feared and reviled by the same mainstream media that is also obsessed with them.

Yet, any serious review of the record reveals that, despite all the angst the so-called "Religious Right" has created within the ruling class for decades, the larger war for the soul of America has been lost. **How can that be so?**

After three years of interviews and research, best-selling author Gregg Jackson and syndicated radio host Steve Deace tragically came to believe the movement may have done more to advance the Left's agenda than the liberals could have ever accomplished on their own.

But that's not just their opinion.

What sets *We Won't Get Fooled Again* apart is that for the first time you'll read, in their own words, statements from recognized leaders within the movement who reveal that this controversial conclusion is shared by several within the movement itself. That's why *We Won't Get Fooled Again* isn't just an expose of a powerful movement that's lost its way, but also a plea to its next generation to **get on our knees and pray we won't get fooled again.**

Gregg Jackson is the national best-selling author of *Conservative Comebacks to Liberal Lies*, former radio host on WRKO in Boston and KDAR in Los Angeles, an accomplished speaker who speaks to groups and on college campuses nationwide, and writer whose articles have appeared in *The Wall Street Journal*, *The Washington Times*, *Human Events*, and *Townhall.com*.

WHERE THE CHRISTIAN RIGHT WENT WRONG,
AND HOW TO MAKE AMERICA RIGHT AGAIN

Gregg Jackson & Steve Deace

"Unapologetically Biblical in its approach to getting America back on the fast track to freedom and prosperity. If you want something lukewarm or platitudes in plain flavored pabulum, this book is beyond you. If you have courage and convictions, this book is your new soul mate."

Mike Huckabee
